

Dear Sponsors and Exhibitors,

On behalf of the organizers of **Metamaterials 2017, The 11th International Congress on Engineered Material Platforms for Novel Wave Phenomena**, I cordially invite you to take part in our Congress, which will be hosted by the *Institut Fresnel*, and will take place in Marseille, South of France, from August 27 to September 2, 2017. Following the success of the previous editions, Metamaterials 2017 will continue to provide a premier international forum to share the latest results of the metamaterials research worldwide. This event will bring together the engineering, physics, and material science communities for 4 days of presentations, discussions, exchanges, courses and strategy development in artificial electromagnetic materials science and technology. <http://congress2017.metamorphose-vi.org/>

Metamaterials 2017 represents an excellent opportunity to reach your target audience and potential customers, and promote your products and services among the leading researchers, engineers, professors and students working on artificial electromagnetic materials, metamaterials, nano-materials, electromagnetics, optics and antennas, as well as on applications of metamaterials to fluid mechanics, thermodynamics and geophysics. The past editions have consistently attracted over 400 participants from 40 different countries of 5 continents. We expect this year to further improve the number of attendees, from a broad range of backgrounds, including universities, scientific organizations, publishers and industries. As metamaterials are moving beyond the halls of academia into the commercial market, we believe this is one of the most exciting time in the history of our field, with great advantages for first-movers in this emerging industry and emerging market.

We offer the following options to promote your organization at our Congress:

- Attend the conference as an **Exhibitor**;
- Advertise your organization by choosing a **Sponsorship Package**, Standard, Silver, Gold or Diamond; and/or several additional sponsorship options;
- Or sign up for both (**Exhibitor/Sponsor**) for maximum publicity.

Please find the details on the following pages. You may choose from the listed options, or contact us to customize a specific package tailored to your organization's individual needs.

I am looking forward to seeing you at Metamaterials 2017 in the beautiful Provence!

Francesco Monticone

Metamaterials 2017 - Sponsor and Exhibitor Organizer
